THE GOLD LEAF SOCIETY IS OUR WAY OF SAYING THANK YOU FOR MAKING THE MEANINGFUL DECISION TO INCLUDE US IN YOUR WILL.

Thank you for giving our doctors and medical teams the best equipment and technology they need to save lives.

Thank you for giving our researchers the opportunity to take on the world's gravest medical conditions – because that's the only way they'll find answers, and cures.

Thank you for sharing a part of your life's work for the benefit of countless patients and families at the University of Alberta Hospital, the Mazankowski Alberta Heart Institute and the Kaye Edmonton Clinic.

NOW THE FUN PART.

As a member of the University Hospital Foundation's Gold Leaf Society your generosity will be celebrated in a way that will ensure your gift will never be forgotten – our way of saying welcome to our newest community of donors.

You'll also get special access to behind-the-scene tours of places in the hospital you've likely never seen before, and hear presentations from some of our world leading healthcare teams.

And have the opportunity to gather with generous, like-minded people at exclusive events just for you.

"I left a gift in my will to honour my father, Stan the Man. He died of Alzheimer's. His gift is supporting Alzheimer's research at the University of Alberta Hospital. I feel good about the impact my gift will have."
