To me, giving back to the Mazankowski Heart Institute is central to what I do now. I never did it to be recognized or for any other reason other than to show my appreciation for the care I received as a patient at the Maz.

The reason we have such an incredible transplant program is the depth of expertise we have on our teams, and that's a direct reflection on the support we've received from the community. Great support attracts great people.

“

We lost our dearest Mandeep “Mun” Grewal to heart disease at the very young age of 35. It was at this time that we choose to support the efforts of the University Hospital Foundation. By doing so, we honor the memory of our beloved SuperMun.

Landmark Homes is honoured to be the presenting sponsor for the Festival of Trees because it aligns with our values. We're big on community involvement, and there's no bigger way to give back than working with an organization like the University Hospital Foundation.
